Philosophy

"Do not fear failure but rather fear not trying."

Skill

- Adaptability
- Communication
- Critical Thinking
- Hardware Design
- Problem Solving
- Mobile Development
- Problem Solving
- Programming Language
- Time Management
- Web Development

About Me

By the way, I'm Earl Jim Correa, and I'm a computer engineering student. I have experience making apps and games, am flexible when it comes to new technologies, analyze problems, troubleshoot, and create new solutions.

Education Background

- 2022-2023 (Present) **University of the East**
BS in Computer Engineering
- 2020-2022 **Ramon Magsaysay Cubao High School**
Senior High Level
- 2016-2020 **Silangan National High School**
Junior High Level
- 2010-2016 **Silangan Elementary School**
Elementary Level

Work Experience

Mobile App Developer Intern.

We developed a mobile app called Rescue Ranger using Android Studio. Included in our game are guessing a shape, adding and subtracting, colors, and spelling.

Game Developer(Activity/Project)
Use Tkinter with Python to create games. I created the following games: In Between Card, Guessing Card, and Jack en Poy

Additional Training

- April 2024 **Code Crash:Python Programming Challenge**
Welcome to Flutterverse: A Hands-On Introduction to Cross-Platform Mobile App Development Workshop
- February 2024
- September 2023 **GIT Workshop for Beginners**
Ms. Athena Abe
- September 2022 **FIGMA 101: An Introductory UI Workshop for Beginners**
Engr. Errol John Antonio, M.Eng
- March 2022 **Tinkercad + Arduino for Beginners**
UE Society of Computer Engineering Students

Membership and Professional Organization

2023 (Present)	UE Society of Computer Engineering Member
2022-2023	UE Society of Computer Engineering Junior Officer

Community Services

2022-2023	National Service Training Program Barangay Immersion
-----------	--

Seminars Attended

March 2023	Mental Health Matters Marvin Ibangga
March 2023	Life of a Software Developer Bryl Lim
